Ladies . . . Your search is over!

If you are the fashionably discerning bride who knows true quality letterpress invitations when she sees them .

Then you must see the works of art that Plume Press creates! I received their sample packet in the mail this morning and have been fawning over it all day.

The Plume invitations are all exquisitely detailed designs. Royalty meets Moulin Rouge. Letterpressed tendrils mingle with broad regal calligraphic swoops. Delectably delicate and demure but THE showstopper invite that no one else in your circle will be able to top!

Plume Press offers both retail packages and custom designs.

Ms. Rachel Cary, the Creative Director for Plume Press, is a delight to work with and I highly recommend contacting her.

Samples are available to order on the [Plume Press website](#). You must visit! Now!
